Creativity

A long-exposure photograph capturing the motion of steel wool sparks. The sparks form several concentric, glowing orange-yellow circles that radiate outwards from the center. The background is dark, making the bright sparks stand out. In the lower-left foreground, there are some wooden planks and debris. The overall effect is abstract and artistic.

Innovation

A photograph of a man with a beard and short hair, wearing large black headphones, relaxing in a white bathtub. He is looking upwards and to his right. In the foreground, two glass bottles are visible: a large brown one on the left and a smaller clear one with a copper-colored cap on the right. A black faucet is mounted on the wall above the tub.

Pogo dancing

A black and white photograph capturing a moment in a park. In the foreground, a man is seen from the side, wearing a fedora hat and a dark coat over a light-colored shirt. He is walking a dog on a leash. The dog, a large breed with dark and light patches, is looking towards the right. The background features a large, multi-story building with a prominent steeple, surrounded by trees under a clear sky.

Slack

A large procession of hooded figures in white robes and blue stoles is marching down a city street. They are carrying ornate silver reliquaries on poles. The procession is moving away from the camera, creating a sense of depth. The buildings in the background are light-colored with some architectural details. The overall atmosphere is solemn and traditional.
